Cancellation and Refund Policy

PENNYGRADE | RAZORPAY MERCHANT READINESS PREPARATION

DRAFT - Internal preparation document. Not proof of approval, registration, signed partnership, issued card, or customer transaction.

Before production

A customer can request cancellation before card personalisation/production by contacting support with the order reference. Review the actual order state; cancellation and refund are not automatic from an email request.

After production or dispatch

The published membership terms currently state fees are generally non-refundable after production, dispatch/delivery or activation. Review each request and applicable consumer rights; do not use this wording to exclude a mandatory remedy.

Duplicate or failed debit

Review provider records. Duplicate confirmed charges should be handled as duplicate payment cases. If payment appears debited but the order is unpaid, ask for the transaction reference and reconcile provider/bank status.

Defective card and processing

Report a damaged/unreadable card within seven days of delivery for review and replacement where confirmed. A complete refund request is targeted for decision within four business days. Approved refunds are initiated to the original method within five business days of approval; the payment provider/bank controls posting time. No customer self-serve refund workflow is currently claimed.

Before external submission: verify every stated fact against current operations and business records. Razorpay and qualified legal/tax advisers make their own determinations.
