Business Identity Documents Checklist

PENNYGRADE | RAZORPAY MERCHANT READINESS PREPARATION

DRAFT - Internal preparation document. Not proof of approval, registration, signed partnership, issued card, or customer transaction.

Identity

Proprietor PAN and identity/address verification as requested in Razorpay's application. Confirm exact legal and trading names.

Business proofs

Razorpay's published onboarding preparation guide says sole proprietors currently need two accepted business proofs, with the combination dependent on the onboarding route. Use the live application checklist; do not assume a particular document is accepted.

Bank and address

Bank account details/name matching the business route; supporting bank proof if requested. Current business address proof and delivery/support location evidence.

Operating evidence

Signed partner agreements; real card photos/sample; customer invoice layout (actual only for actual paid orders); shipping/replacement/refund process; partner roster with statuses and benefit conditions; website/contact screenshots.

Cautions

No registration/GST/association certificate is asserted by this pack. Whether a document or GSTIN is required depends on legal form, turnover, category and Razorpay's current review. Confirm with Razorpay and a qualified tax professional.

Before external submission: verify every stated fact against current operations and business records. Razorpay and qualified legal/tax advisers make their own determinations.
