Razorpay Category Eligibility Questions

PENNYGRADE | RAZORPAY MERCHANT READINESS PREPARATION

DRAFT - Internal preparation document. Not proof of approval, registration, signed partnership, issued card, or customer transaction.

Documented

Razorpay Route documentation lists SOCIAL subcategories including Neighbourhood Network and Associations and Membership. Route supports marketplace/payment splitting use cases. That documentation does not establish that the same category is selectable for standard Payment Gateway onboarding.

Unconfirmed

Standard PG availability of these labels; whether a proprietorship can use them; whether formal society/association registration is required; acceptability of a commercial paid physical membership card; discount benefits; evidence threshold; and reconsideration after a prior coupon/deals category rejection.

Ask Razorpay in writing

For our current legal form and INR 500 / 180-day physical local membership, which standard PG category and subcategory should be used? Is a commercial proprietary network eligible for SOCIAL -> NEIGHBOURHOOD_NETWORK or ASSOCIATIONS_AND_MEMBERSHIP? Is formal association/society registration required? Are physical card plus partner-negotiated discounts allowed? Which partner, fulfilment, refund and business proofs are required? Can a prior category rejection be manually reviewed?

Approval boundary

Razorpay makes the final eligibility and category decision. Do not select a category solely because it appears in Route documentation. Provide a truthful business description and the evidence requested in the live application.

Before external submission: verify every stated fact against current operations and business records. Razorpay and qualified legal/tax advisers make their own determinations.
